

MALLETT KAT MOVER ASSEMBLY INSTRUCTIONS

1. Install the two tie rods onto the two vertical frames. Both speaker mounts must be on the same side. Install one fender washer on each side of the vertical frame. Tighten knobs securely. NOTE: Knobs are self locking. A little extra effort will be required to tighten them.
2. Install the four wheels. Install the two locking casters on the player's side.

3. Install equipment tray. Ends are identical. Tighten the four small knobs.
4. Install the keyboard tray. Cutouts in tray must be on the same side as Equipment Tray. Tighten securely.
5. Install the two handles and clamp plates. Adjust height as required. Tighten fasteners.
6. Assembly is now complete.
